Editorial Committee
: Staff members of Faculty of Medicine- South Valley University
Contents

Volume 6, Number 2, July-Decembre, 2023

Title                                                                                           Page

• Study of Association between BMI and HbA1c Level in Newly-Diagnosed Type-2-
  Diabetes-Mellitus Patients                                                                1

• Effect of paracetamol on the post-natal development of the medial prefrontal
cortex in albino rat and the potential protective role of silymarin                     10

• To compare the Fetomaternal outcome of natural birth versus induced birth after
  previous one caesarean section: A prospective Observational study                     37

• Immunotherapy with Intralesional Candida Albicans Antigen in Plane Warts              49

• Malignant Melanoma – A Single Institutional Analysis On Real World Data               56

• The high prevalence of muscle invasive disease among bladder cancer patients
  attending a regional hospital in Durban, South Africa                                 68

• Evaluation Of Neopterin Level And Disease Severity In Patients With Psoriasis
  Vulgaris Treated With Narrowband UVB                                                   81

• Biomarkers for prediction of acute kidney injury after Cardiac and Non-cardiac
  Elective Surgeries: A comparative observational study                                 88

• Post-COVID-19 pulmonary changes: A retrospective study of 72 patients based
  upon chest computed tomography findings                                               103

• Assessment of Retinal Nerve Fiber Layer Thickness Using Optical Coherence
  Tomography Before and After Ranibizumab Intravitreal Injection in Patients with
  Diabetic Macular Edema                                                                120

• Diagnostic Value of Upper and Lower Endoscopy in Assessment of Patients with
  Microcytic Hypochromic Anaemia without Site-specific Gastrointestinal
  Manifestations                                                                     140

• Impact of diabetes mellitus on acute and short term left ventricular longitudinal
  systolic strain recovery after percutaneous coronary intervention in ischemic
  hypertensive patients                                                               152

• The effect of the modified Glasgow prognostic score in metastatic gastric cancer      160

• The Impact of Restrictive Versus Conservative Intraoperative Fluid Strategies
  upon the Renal Outcome in Colorectal Surgeries. A Randomized Controlled Trial         169

• Effect of pre-emptive epidural Mg sulphate versus dexmedetomidine on
  postoperative analgesia requirement after open abdominal surgeries                   181

• Laparoscopic Management of Perforated Peptic Ulcer: Multicenter Experience            187

• Clinical Profile of Neoplastic and Non-Neoplastic Lesions of Ovary: A Prospective
  Observational Study from Central Indian population                                    198

• Usefulness of Urine Uric Acid/Creatinine Ratio in Neonate as an Early Detector of
  Perinatal Hypoxia: A Hospital-Based Observational Study                               206

• Bacteriological Profile and Antibiotic Resistance Pattern of Pathogens Causing
  Pyogenic Infections At A Tertiary Care Hospital in Central India                      215

• Greater Occipital Nerve Block or Suboccipital Intramuscular Injections are
effective for management of Postdural Puncture Headache: A placebo-controlled
  study                                                                           227

• Immunohistochemical Expression of Estrogen Receptor Beta in Urothelial
  Carcinoma of the Urinary Bladder                                                  241
Effect of Tadalafil on Penile Duplex parameters in Erectile Dysfunction Patients

MALAT1 Gene Expression in Diabetic Patients with or without Nephropathy

Impact of incentive spirometer on tip shoulder and right hypochondrial pain post laparoscopic cholecystectomy

Impact of the follicular fluid Coenzyme Q10 level in women undergoing intracytoplasmic sperm injection (ICSI) on the pregnancy rate

Comparative study of different incision types in inguinal lymphadenectomy: retrospective study

Functional Impairment and Quality of Life of patients with Major Depressive Disorder in Euthymia

Evaluation of different methods of performing cell block preparation and their role in accurate cytological diagnosis and reporting of fine needle aspiration cytology of the thyroid nodules

Antinuclear Antibodies: A demographic profile from a Tertiary Healthcare Centre of Delhi

Clinical presentations of Behcet’s disease in Upper Egypt

Validity of procalcitonin as diagnostic biomarker for infective endocarditis

Comparative Study between Intrapolyp Corticosteroid Injection and Oral Corticosteroid in Treatment of Allergic Nasal Polyposis

Intraoperative Color Doppler assessment of hepatic vasculature integrity: A Case Report

The incidence of Iron Deficiency Anemia in Allergic Rhinitis patients in Qena University Hospital

A Comparison between single-dose pregabalin and magnesium sulfate in induced hypotension during functional endoscopic sinus surgery: A prospective randomized double-blinded study

The effect of application of topical tranexamic acid versus hydrogen peroxide on postoperative hemostasis in elective spine surgeries: a randomized controlled trial

Role of serum Irisin in Early Detection of Subclinical Atherosclerosis and Endothelial Dysfunction in Patients with Behcet’s Disease

Survveillance for SARS-CoV-2 Variants of Concern and Initial Detection of Omicron using RT-PCR in the Kurdistan region of Iraq

Psychosocial impact of COVID-19 in rising generation: An observational study from India

Modified Dismembered Technique of Laparoscopic Transperitoneal Pyeloplasty in Children

“Faculty experience during transition to new Competency Based Medical Education Curriculum” – A nationwide survey from India

Early Outcomes of video-assisted thoracoscopic management of secondary spontaneous pneumothorax

Prophylactic use of temporary uterine packing combined with topical tranexamic acid reduces blood loss and transfusion requirements in patients undergoing cesarean section: A double-blind, randomized controlled trial

Revival of Endovascular Visual Assessment of Anastomotic Patency in Coronary Artery Bypass Graft Surgery

Angiopoietin-2 in ischemic cardiac patients

Frequency and risk factors for Hepatitis C virus seropositivity in blood transfusion-dependent thalassemic patients in Qena hospitals

Application of Artificial Intelligence in Pediatric Pulmonology: Current Scenario and Future Prospective

Severe Toxicity Following Combined Overdose of Verapamil, Atenolol, Propafenone, and Simvastatin in a Suicidal Attempt: A case study
- Prevalence of Helicobacter Pylori Infection in Pregnant Women with Hyperemesis Gravidarum

- Outcome of Acute Kidney Injury (AKI) in Coronavirus Disease 2019 (COVID-19) patients

- The acceptance and determinants of COVID-19 vaccine among the hospital attendants in Qena city

- Role of Plasma MicroRNAs 145 and 484 in Diagnosis of Multiple Sclerosis, Disease Activity and the Transition from Relapsing Remitting Multiple Sclerosis to Secondary Progressive Multiple Sclerosis

- Rare hepatopulmonary hydatidosis in children from a rural district of West Bengal, India: A case series

- Evaluation of High-Frequency Repetitive Transcranial Magnetic Stimulation Role in improving Motor and Non-motor Manifestations of Parkinson’s Disease in Minia University Hospital

- Prevalence and risk factors for fatigue among health care providers in Qena University Hospitals: A hospital based study

- Vitamin D mitigates hippocampus apoptosis induced by diabetes

- Endoscopic retrograde cholangiopancreatography versus conservative treatment for patients with symptomatic small common bile duct stones: A randomized controlled trial

- Pelvimetry among normal, healthy females using three-dimensional computed tomography in Sohag population: A retrospective Morphometric study regarding age

- Prolonged versus delayed laparoscopic cholecystectomy for acute cholecystitis: Time to change the concept – A multicenter randomized controlled trial

- Comparative Study between High Resolution Ultrasound and MRI in Diagnosis of Rotator Cuff Tears

- Results of Radial Head Prosthetic Replacement in Management of Radial Head Fracture in Terrible Triad Injury of the Elbow

- Outcomes of Karydakis Flap versus Modified Bascom Technique in Treatment of Pilonidal Sinus Disease

- Transabdominal pre-peritoneal (TAPP) versus totally extraperitoneal (TEP) laparoscopic techniques for inguinal hernia repair

- Genetic Profile of ACE (I/D) (rs4646994) Single Nucleotide polymorphism Among Sample of Egyptian patients with Alzheimer Disease in Upper Egypt

- The Efficacy of Canagliflozin on Type 2 Diabetic Nephropathy in Male Rats

- Effect of Quercetin on Diabetic Rat

- Evaluation of lung function in relation to employment years among workers exposed to cement dust in Qena cement factory

- Effect of High Fat Diet on the structure of Pancreas rat and the ameliorative effect of Vitamin D

- Micro-structural Auditory Pathway Changes in Patients with Sensorineural Hearing Loss with or without Tinnitus, could diffusion tensor imaging be valuable?

- Role of Cytokines in neonatal Respiratory distress syndrome: A review article

- Estimated Glycated albumin' levels early in pregnancy could detect women at risk to develop gestational diabetes mellitus

- Effect of viral load on hepatic fibrosis in patients with chronic hepatitis B patients: assessed by fibroscan
