(Print) 2735-427X

SVU-International Journal Of Medical Sciences
The official Journal of Faculty of Medicine- South
Valley University
Volume 7 (Issue1)
January-June, 2024

Editors in chief

Prof. Ahmed Hashem Abdellah
Dr. Mohammed Hosny Hassan

Editorial Team

: Prof. Hamdy M. Hussein
: Prof. Ahmad Abolyosr
: Prof. Ali Abdelrahman Ghweil
: Prof. Abdel-Rahman Abdel-Hamed Elsayed
: Prof. Salah Aseda
: Prof. Karam Mosallam
: Prof. Mohammed saad abdel-rahman
: Prof. Mohamed Ali Bedaiway
: Prof. AbdelNase AbdelGaber
: Prof. Uttam Budhathoki
: Prof. Ayman Mahdy
: Prof. Yacoub Khalaf
: Prof. Ahmed El-Abd Ahmed
: Prof. Hanan Mahmoud Fayed
: Prof. Spasoje Popevic
: Prof. Nilesh Patil
: Dr. Mohamed Wael M. Mustafa
: Dr. Heba Ahmed Osman
:Dr. Nezar Abo-Halawa
: Dr. Emad Abdel-Kahaar

Editorial Committee

: Staff members of Faculty of Medicine- South Valley
University

Published By

**: Faculty of Medicine - South Valley University –
Qena-Egypt**

ISSN

: Online (2636-3402)

: Print (2735-427X)

Contents

Volume 7, Number 1, January-June, 2024

<i>Title</i>	<i>Page</i>
• Indicators of severity in Pediatric pneumonia: A review article	1
• Magnetic Resonance Imaging and Magnetic Resonance Spectroscopy in Neonatal Hypoxic-Ischemic Encephalopathy: A review article	8
• Ischemia-modified albumin relation to glycemic state, neuropathy, and retinopathy in patients with type2 Diabetes mellitus	17
• Impact of Prediabetes on Acute Coronary Syndrome in Sohag University Hospital	26
• Serum anti-endometrial antibodies as a biomarker for implantation rate in patients with endometriosis who had recurrent implantation failure and prepared for Intracytoplasmic Sperm Injection	38
• Improving Captopril cardioprotective activities against Doxorubicin induced cardiotoxicity by co-administration with allicin	49
• Characteristics and Outcomes of COVID-19 in Pediatric Patients with Chronic Diseases Attending Qena University Hospital, Upper Egypt	62
• Prognostic Value of Vitamin D Receptor in Patients with Metastatic Colorectal Cancer Received Irinotecan-Based Systemic Treatment as a Second Line	82
• Tunneled versus Non-Tunneled Haemodialysis Catheters in Patients Prior to Arteriovenous Fistula	95
• Prevalence of Prediabetes and Newly diagnosed Diabetes in Patients with HFpEF and HFrEF	106
• Serum and seminal plasma levels of interleukin-17 in infertile patients	119
• Risk Factors for Systemic Lupus Erythematosus in Qena University Hospital	127
• Assessment of diaphragmatic movement using ultrasound in weaning of invasively mechanically ventilated patients	134
• Clinical Audits of Placenta Previa and their Outcomes at Qena University Hospitals	144
• High Atherogenic Index of Plasma at-admission of COVID-19 patients can predict Upcoming Cardiac Morbidity and Mortality in Non-Cardiac patients	152
• Clinical audit in management of pregnant women with diabetes mellitus at Qena University Hospitals	167
• Risk of deep sternal wound infection of Pedicled versus Skeletonized Left Internal Mammary Artery in Diabetic patients Undergoing Coronary Artery Bypass Graft Surgery	180
• Ketamine plus Bupivacaine versus Nalbuphine plus Bupivacaine Caudal Anaesthesia in Pediatric Subumbilical Surgeries	187
• Tegumental alterations in adult Schistosoma Mansoni treated with ethanolic extracts of artemisia annua <i>in vitro</i>	194
• Influence of various types of hemodialysis arteriovenous fistula on cardiac function: Review article	204
• Aspiration Thrombectomy In Acute Large Vessel Occlusive Stroke	210
• Thoracolumbar spine fractures management: Review article	222

• Ligamentotaxis supplemented by K wires fixation versus volar plate and screws fixation for management of unstable fractures of the distal radius	227
• Evaluation of Choroidal Thickness in Different Degrees of Myopia at Ophthalmology Department - Qena University Hospital	237
• Seroprevalence of <i>Toxoplasma Gondii</i> among Cancer patient in Qena Governate	245
• Pregnancy Outcome in Women with Prosthetic Valve in Qena University Hospitals	251
• Efficacy of topical 5-fluorouracil with microneedling versus topical latanoprost with microneedling in treatment of patients with localized stable vitiligo: A randomized clinical trial	258
• Characteristics of Gastroesophageal Reflux Disease Patients and Predictors of its Severity in Saudi Arabia: A Cross-Sectional Study on University Students	270
• Tranexamic acid administration; which is effective preoperative versus intraoperative in reducing blood loss during cesarean section	286
• Comorbid disorders of esophagus in patients with irritable bowel disease	294
• Role of first trimester uterine artery Doppler indices in Prediction of pre-eclampsia	304
• Evaluation of immunochromatographic assay in diagnosis of Giardia lamblia infection in comparison to Microscopy	317
• Prevalence of Mood Disorders among Autistic Children: A review article	324
• Comparative study between the efficacy of Intravenous Immunoglobulin alone versus the efficacy of Intravenous Immunoglobulin combined with Steroids in treatment of Acute Myocarditis in Pediatric patients in Qena University Hospital	334
• Diagnostic Value of MRI and MRV in Migraine indicating Intracranial Hypertension	345
• Evaluation of Resectability of Cancer Head of Pancreas by Multi-Detector CT Angiography	355
• Socioeconomic related potentials on Malnutrition among Children in Qena Governorate	366
• Hematological and biochemical parameters in various Clinical and Pharmacological types of Childhood Epilepsy	376
• Evaluation of Trans Rectus Sheath Extra-Peritoneal Mesh Repair: Our Early Results	386
• Correlation between placental thickness assessment in 2nd trimester and perinatal outcome	395
• Magnetic Resonance Imaging pearls in the Diagnosis of Coronavirus associated rhino-orbital-cerebral fungal infection : Retrospective Imaging Analysis of 80 Patients	402
• Awareness and Knowledge Among Medical Students Regarding Lower Gastrointestinal Bleeding Etiologies in Riyadh, Saudi Arabia	419
• Radiological Manifestation of Neurological Complications in COVID-19 pediatric patients admitted in ICU : Retrospective observational study	429
• Comparative study between two-stage trans-abdominal Duhamel procedure and two-stage Soave pull-through in treatment of Hirschsprung's disease: Clinical evaluation	439
• Role of Ultrasonography and color Doppler in Evaluation of Carpel tunnel Syndrome	449
• Magnetic Resonance Imaging versus Trans-Cranial Sonography in Detection of Cerebral Injuries in Neonatal Hypoxic-Ischemic Encephalopathy	460
• Role of ultrasound and color Doppler in evaluation of peripheral arterial occlusive disease in diabetic foot	467
	477
• Prevalence of myocarditis in critically-ill pediatric patients in Qena University Hospital	

• Prevalence of obstructive sleep apnea in polycystic ovary syndrome	491
• Role of Ultrasound in assessment of Developmental Dysplasia of the Hip Joints	498
• Current Solutions for Prevention of Incisional Hernia After Abdominal Wall Closure	505
• Prevalence of Audiovestibular Complaints among South Valley University Students	515
• First trimester Glycosylated Hemoglobin as a Predictor of Gestational Diabetes Mellitus	521
• Role of MR Spectroscopy in differentiating Benign from Malignant Ovarian Tumors	528
• Multislice CT of Jaw Swelling	536
• Functional Outcomes of Superior Gluteal Nerve Injury After Nailing of Proximal Femoral Fractures	542
• Laparoscopic and needlescopic hernia repair for pediatric inguinal hernia: A systematic review with meta-analysis	548
• Correlation of Multislice CT and Biopsy in Diagnosis of Jaw Swelling	556
• Demographic and clinical profile of multiple sclerosis in Qena governorate, Egypt	564
• Androgen receptor in relation to progesterone receptor (AR/PR ratio) in non-metastatic hormonal positive, Her2neu negative breast cancer	572
• Postoperative Non-Invasive Ventilation after Upper Abdominal Surgery in Chronic Obstructive Lung Disease	580
• Hysteroscopic Endometrial Biopsy after Intracytoplasmic Sperm Injection Failure for women with Unexplained Infertility	592
• The Modified Frailty Index as Preoperative Predictor for Post-Spinal Surgery: Retrospective Study	600
• Role of Zinc and Advanced Glycation End Products in Children with Type 1 Diabetes Mellitus: Relation to Microvascular Complications	616
• Maternal and Neonatal Outcomes of Expectantly Managed Pregnancies of Healthy Cases with Previa Rupture of Membranes at Qena University Hospital	634
• Non-Alcoholic Fatty Liver Disease in Cardiovascular Patients, Frequency, Risk Factors and Clinical Patterns in Qena Governorate	646
• Advanced Magnetic Resonance Imaging Using T2 Mapping Sequence in Assessment of Osteochondral Lesions of the Ankle Joint	663
• ECG changes as Cardiac Toxicity of Concurrent Trastuzumab and Paclitaxel in Adjuvant Treatment of HER-2 positive Breast Cancer	673
• Ameliorative effect of watercress (<i>Nasturtium officinale</i>) aqueous extract on gene expression of Glut4 and Ampk in diabetic rats	686
• Prevalence of bacterial infection in pregnant women with recent prelabour rupture of membranes	698
• The Association between Post-COVID-19 Myocardial Infarction and Antiphospholipid Syndrome	708
• Impact of Sacubitril/Valsartan on Myocardial and Hepatic Stiffness in Heart Failure patients with Reduced Ejection Fraction (HFrEF)	718
• Role of RBC Indices as Prognostic Markers in COVID-19 Patients	735
• Incidence of macular edema after phacoemulsification with and without diabetes mellitus: A hospital-based clinical prospective trial in Upper Egypt	746
• Prostaglandin vs Dorzolamide/Timolol Effect on Anterior Scleral Thickness in Patients with Primary Open Angle Glaucoma By Using Anterior Segment Optical Coherence Tomography	753
• Assessment of autoimmune rheumatic diseases activity during pregnancy	768
• Autoimmunity & Type 1 diabetes patients: Review Article	782
• Ligation of Intersphincteric Fistulous Tract versus Fistulotomy in Low Trans-Sphincteric Perianal Fistula	789

• Waist Circumference as an Indicator for Metabolic Syndrome in Children: A Narrative Review	798
• Role of Diffusion-Weighted and Contrast Enhanced MRI Brain in the Evaluation of Paediatric Epilepsy	809
• Minerals and insulin dependent diabetes in children: A review article	819
• Assessment of the Nutritional Status of Cancer Patients in Qena Governorate	832
• Cadmium Sulfide Nanoparticles: Preparation, Characterization, and Biomedical Applications	842
• Pattern of Hospital-Acquired Pneumonia in Qena University Hospitals	865
• Combined Elastic Stable Intramedullary Nail and External Fixation Versus Elastic Stable Intramedullary Nail Alone in the Management of Length-Unstable Pediatric Femoral Fractures: A Prospective Randomised Controlled Clinical Study	876
• Role of Procalcitonin in Pediatric Patients with Pneumonia	890
• Role of Growth Differentiation Factor15 in pediatric cardiac patients	900
• Effectiveness of Minimal Acute Normovolemic Hemodilution in Elective Adult Cardiac Surgery	911
• Comparing Different Modalities of Opioid Free Anesthesia for Laparoscopic Cholecystectomy	919
• Histological and immunohistochemical study on the effect of Carbon tetrachloride on kidney of adult male albino rats	939
• Ratio of Mitral Peak Velocity of Early Filling to Early Diastolic Mitral Annular Velocity is More Sensitive than the Ratio of Mitral Peak Velocity of Early Filling to Mitral Peak Velocity of Late Filling in Detection of Left Ventricular Diastolic Dysfunction in Systemic Lupus Erythematosus	954
• Assessment of Coagulation Profile in Adults Vaccinated Against SARS-CoV-2 (COVID-19) in Qena Governorate	975
• Sequential Letrozole and Methotrexate Therapy Safely improved the outcomes of Medical treatment of Tubal Ectopic Pregnancy	986
• Rapid SARSCoV2 Antigen Detection Assay versus Real-timePCR Assay for Laboratory Detection of COVID-19	1000
• Role of Renal Resistive Index in early detection of Diabetic Nephropathy in Type II Diabetic Patients	1011
• Frequency of Iatrogenic Iron Overload in Hemodialysis Patients at Qena University Hospital	1022
• Blood Count, Markers of Inflammation and Coagulation factors in COVID-19 versus non COVID-19 patients having Medical Emergency in Qena University Hospital	1037
• Assessment of Cesarean Niche by Transvaginal Ultrasonography and Pelvic Magnetic Resonance Imaging	1051
• Multi-slice CT Angiography “Triple Rule Out technique” in the Evaluation of Emergency Department Patients with Acute Chest Pain Having Low to Intermediate Risk for Acute Coronary Syndrome	1065
• Diagnostic Performance of The Strain and Shear-Wave Ultrasound Elastography for The Differentiation of Benign and Malignant Breast Lesions	1079
